

# **Webber International University**

## **Florida and North Carolina Campuses**

### **Achievement Data Benchmarks**

The University evaluates success with respect to student achievement consistent with its mission. To do this, the University has adopted several of the criteria suggested in the FR 4.1 standard. These criteria are: (a) placement of graduates; (b) undergraduate and graduate course completion rates; (c) the Therapeutic Horsemanship PATHI Certification; and (d) teacher licensure rates.

The achievement data page presents documents multi-year data that were collected to monitor and assess student achievement for each of these measures. Established benchmarks for each criterion are:

Florida Campus Job Placement: 70-80% success rate based on previous graduates' performance.

Florida and North Carolina Campus Course Completion Rate: 85% course completion rates per semester for both undergraduate and graduate degree levels at the University.

NC branch campus Therapeutic Horsemanship NARHA / PATHI Certification: 90% licensure success rate for those who chose to obtain certification.

NC branch campus Teacher Education Licensure: 80% teacher education licensure ultimate pass rate.
