

Webber International University
Job Opening for Fall 2019

Job Title: Adjunct Instructor of Mathematics

Work Location: Babson Park, Florida

Closing Date: Open Until Filled

About the Position and Requirements:

This Adjunct Faculty member will teach College Mathematics courses in the undergraduate programs across the traditional face-to-face and on-line classes as the course rotations require. PhD or MA/MS in Mathematics from a regionally accredited university (or certified foreign equivalent); must have at least 18+ graduate credit hours in mathematics related courses. Professional experience and/or teaching experience, especially at a small, student-centric college/university; MBA and/or business background will be a plus.

About the University:

Established in 1927 as one of the nation's first business schools for women (now coed for decades) and the first not-for-profit school chartered under Florida's educational and charitable laws, Webber International University now hosts men and women from some 45 different nations. We are a SACSCOC accredited university.

Webber offers business degrees at the associate's and bachelor's levels (Associate's or Bachelor's of Science in Business Administration with majors in: Accounting, Computer Information Systems Management, Criminal Justice Management, Finance, Hospitality and Tourism Management, Integrated Marketing Communications, Management, Sport Business Management, and a Bachelor of Science in General Business Studies), and at the master's level (MBA, MBA with an emphasis in Accounting, Criminal Justice Management, Sport Business Management, and International Business, respectively). The University also offers Bachelor of Arts in Psychology, Elementary Education, Middle Grades Teachers Education and Special Education degrees.

Webber International University is a teaching school. While there are expectations of scholarship and we have a well published Faculty, we are not a research institution and do not support research with either funding or release time. We provide some clerical support in the form of undergraduate work-studies, but we do not use teaching assistants. Our Faculty actually teach. Faculty interact with students outside the classroom and engage in professional development as well as become involved in the University and the local community.

Webber is a collegial, supportive campus. While Faculty members are appointed for one year terms at the discretion of the Chief Academic Officer (we do not grant tenure), several of our full-time Faculty have served greater than 20 years. Webber has liberal admission requirements. The vast majority of our traditional undergraduate students play a sport. Essentially all undergraduates receive some sort of institutional financial aid.

How to Apply:

For immediate consideration, please **email** a cover letter, your CV and unofficial transcripts to **CAO@webber.edu**. If you have graduate education earned outside the United States, please send an unofficial copy of your transcript evaluation. If you are ABD, please send your completion plans. Deviating from these procedures, including making "courtesy calls" or "dropping by for a minute", generally bars a candidate from further consideration.
